Chromebook Requirement (K-8)

August 10, 2023

Dear CCA K-8 Parents,

We would like to provide you with important information regarding the use of Chromebooks for your child's education. In an effort to streamline our technology requirements and promote a consistent digital learning experience, we have established flexible guidelines for Chromebook usage. We understand that there are various models and brands of Chromebooks available on the market. Our primary concern is to ensure that your child has access to a device that supports **Google Chrome OS**, the operating system used to access educational resources and collaborate with peers and teachers. Here are some key points:

Google Chrome OS: We recommend that the Chromebook you choose for your child has Google Chrome OS installed. This operating system provides seamless integration with our educational platforms and tools, ensuring a smooth learning experience.

Model Diversity: While there are numerous Chromebook models available, we want to emphasize that **ANY** Chromebook with Google Chrome OS is acceptable for school use. Whether you opt for a basic model or a more advanced one, as long as it runs Chrome OS, it will be suitable for your child's educational needs.

Technical Support: Our school's IT support team is well-versed in troubleshooting issues related to Chromebooks running Google Chrome OS. If your child encounters any technical challenges, please don't hesitate to reach out to our IT support team for assistance.

Software Compatibility: Google Chrome OS ensures compatibility with various educational software and online resources. This means that your child will be able to access their assignments, collaborate with peers, and engage in online learning without compatibility concerns.

If you have any questions or concerns regarding Chromebook selection, please feel free to contact me at: justin.santamaria@ccaknights.com

We look forward to partnering with you to ensure your child's success in their academic journey. Thank you for your continued support.

Sincerely,

Justin Santa Maria
