Accessing ParentsWeb

FACTS SIS School Management Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

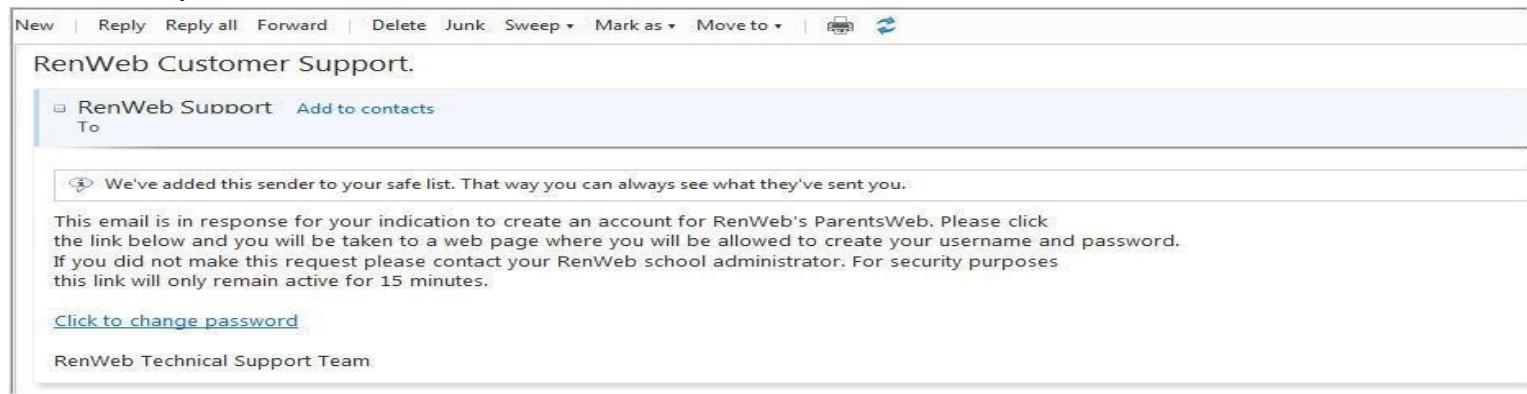

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- ❖ Make sure that we have **your** email address in RenWeb. This is done each year when you enroll your student online.
- ❖ In Chrome, Firefox, Internet Explorer, or Safari, go to the school website at www.ccaknights.com and click on the Parent Login button on the home page:

- ❖ The other way is to bookmark www.renweb.com and click **Logins**. (If using this method, you will need to type the school's **District Code: CL-CA**)
- ❖ Type in your username and password. If you do not know or remember, the best thing to do is to click **Forgot Username/Password**.

- You will be prompted to type your email address. (It must be the email address that the school has in RenWeb as your email address.)
- An email is sent to your email address.

- **Click to change password** link. This link is only valid for 30 minutes.
- A browser window displays your Name, your Person ID, your User Name and obscured Password.

- Type a new User Name and Password and click **Save Password**.
- A message displays at the top of the browser, "User Name/Password successfully updated."

❖ Log into ParentsWeb using your new User Name and Password.

Once you log into **FACTS SIS ParentsWeb** you will see a page similar to the below page. Notice the various information in the left column as well as the information in the center as it pertains to each child in the family.

Schedules

Something you may want to view is your child(ren)'s schedules (available each year after scheduling process is complete). On the left click on **Student Information** and then select **Schedules**.
